

TIME TO FILE YOUR PERSONAL RETURN By Jonathan Hore

Welcome to this week's article and I just want to remind you that time to file your personal return is around the corner. Well, this applies to any person who earns more than P 36 000 per annum, in the period that began on 1 July 2016 to 30 June 2017.

WHAT IS A PERSONAL RETURN?

A personal return basically means an income tax return for an individual. Let me be quick to mention that I am not talking about corporates in this article but individuals. By individual, I mean any person who earns income in his capacity either as an employee, business-person or a partner to a partnership.

Well folks, I hope that was insightful. As yours truly says goodbye, remember again to give to Caesar what belongs to him.
